- ARVAND B(2019-20) PURSUING ENGINEERING IN VIT VELLORE.
- Many of our students are pursuing degree courses in foreign universities.

COMMENTS BY OUR STUDENTS

CHIRAG JAIN

"You get what you work for, not what you wish for." I am Chirag Jain, currently, I am pursuing the course of Chartered Accountancy (CA) at Swapnil Patni's Classes alongside Bachelors of Commerce (BCOM) at Jain College. My goals are clear, being an Entrepreneur as it is where I can own my destiny. Dedication and Determination is what drives you to success and by this I was able to secure 96% in my 12th Board Examination conducted by CBSE. This was all possible because of the love and support of all the Vydehi Teachers and the School Principal .This school was like my second home where I laid the foundation for my dreams. This school provided me with the right platform and will surely keep providing to all the students. Vydehi School Of Excellence is a great choice for your great future. Thank you.

Kamakshi

In a student's perspective, the school has a war in learning atmosphere and ample exposure to scholastic and co scholastic activities. The teachers are well experienced, encouraging and approachable. The school has a good infrastructure and is well equipped with facilities. School hosts healthy and positive attitude towards students and pays individual attention for overall development. Some of my best years of experience.

COMMENTS BY OUR PARENTS

PARENTS OF MRIDULA

Vydehi School of Excellence has been a home away from home for my daughters. My daughter's have not only gained knowledge from the great teaching staff but have grown to become strong girls ready to face what ever the world outside throws at them. And now with the pandemic situation Vydehi School has taken up the challenges in their stride and now they have brought the school to home. I see even now the concentration on not only academics but also activities like PE, art and craft and music too. The main aim has been holistic development of the children. The school's principal and teachers are with the children, in their every step towards their success in their life.

PARENTS OF RUSHIL

My child's emotional, behavioural and educational needs have been more than met by the very patient and brilliant teachers at Vydehi school of Excellence. Thank you for the incredible support you have all provided.

COMMENTS BY OUR PARENTS

PARENTS OF CHIRAG JAIN

Parents of Chirag Jain on this side. First of all, a very big "Thank you" to the entire Vydehi Staff who are very supportive and have always seen the best for the students. It was all because of their motivation, love and support that our son became the topper of Vydehi School. We can never forget this in our life.

We thank the almighty for giving such a golden opportunity to our son Chirag to pursue his education from Vydehi. Vydehi paved the way for his dreams. We would again like to thank Vydehi for not only pouring so much of love and support to my ward but also in developing him as a good human by teaching moral values.

PARENTS OF KAMAKSHI

Safe and secured campus and transport system. School improved many lifeskills and helped in overall development. Very friendly and helpful teachers. Well ventilated spacious classrooms with good sports facilities. Feasible fee structure.

COMMENTS BY OUR PARENTS

PARENTS OF SHUBHAM

A Note of Appreciation

While we moved-in to Bangalore in mid 2016, it was truly a confusing state of mind in order to decide on the right school for both our sons. There were so many schools & options all around and every entity was claiming to be scoring higher on some or other parameters....Academics were undoubtedly the primary deciding factor however education always meant to be beyond academics to us. As parents of 2 wards of class-VII & class-V at that time, our only desire was to decide on a school which will not only provide academics to our sons.... We desired to admit them in a school which will educate them in every important aspects of. the academic results, the achievements in sports and multiple other curricular activities & competitions. With the available resources, we find the school is striving seamlessly in order to create a very distinct place and it's our pride to be associated with this journey.

While the universe is struggling today to upkeep the mortality and fight against this serious pandemic situation due to COVID-19, the strategy & action taken by the school is truly commendable. With the intent to ensure minimalistic impact for the students, the arrangements made by the school for enabling remote learning & online classes are truly appreciable. Extreme dedication & hard work by the management, teachers & all related staff members made it happen – not only the online classes, the school is able to maintain the same level of engagements for the students as normal. With this note, we would like to convey our sincere thanks & gratitude to the school for all the good effort & actions in order to help our children getting the much needed education. A special note of appreciation to the principal madam & the teachers for their tireless effort in this pandemic situation, ensuring absolutely no impact for the students. Wishing all the best to the school in every avenue.

ONLINE CLASSES - HIGHLIGHTS

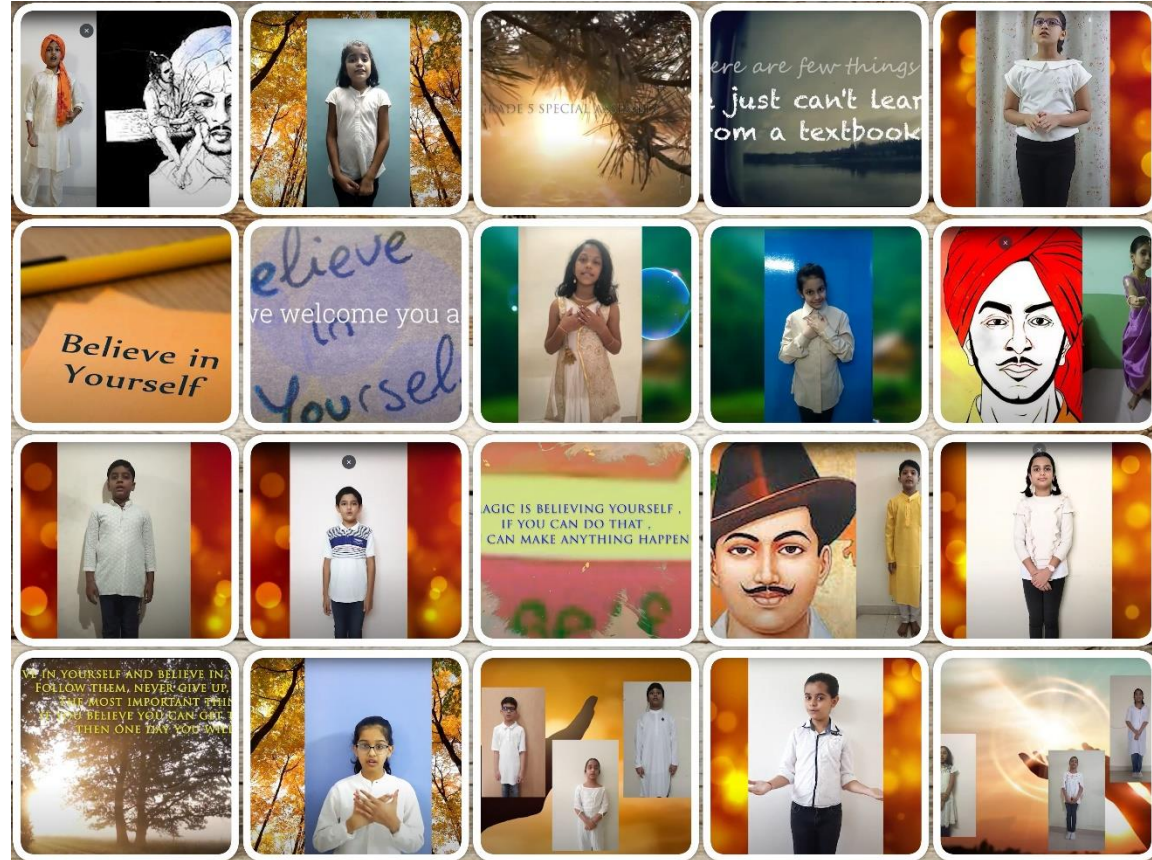

- We have started online sessions in the month of April 2020 for grades 6 to 12 and in the month of June for other classes. The year 2021 we have online as well as hybrid sessions for 6 to 12.
- We have conducted 71,000 online sessions in the year 2020 and 69,000 online sessions in the year 2021-22.
- We are conducting extra curricular classes – like clubs, fitness sessions as well and extra classes for grades 6 to 12.

We have conducted the interschool online quiz – Cryptics online for the first time and 150 students participated from 40 schools across various states.

- We are also in the process of conducting art fest and science fest online for our students in the year 2022.
- Interschool Language fest “The Expressions” covering four languages – English, Hindi, French and Kannada organized online and it was a grand success.

We have successfully hosted online Inter school Dance fest, Virtual games in 2020 and 2021
